System Integration

NMCI Update

**Better
support
to
warfighter**

- ***NMCI is a service in two parts***
 - *Office Automation - “Seat” based on T/O*
 - *Operations & Training - “Seat” supports AEC, Trainers & Training Devices, and “connection” to Intranet*
- ***Levels the playing field between “Haves” / “Have-nots”***
- ***Forces a cultural change use, management, and utility of IT Resources***
- ***NMCI is an enabler:***
 - *New capability, increased functionality, better interoperability*

NMCI Process - Overview

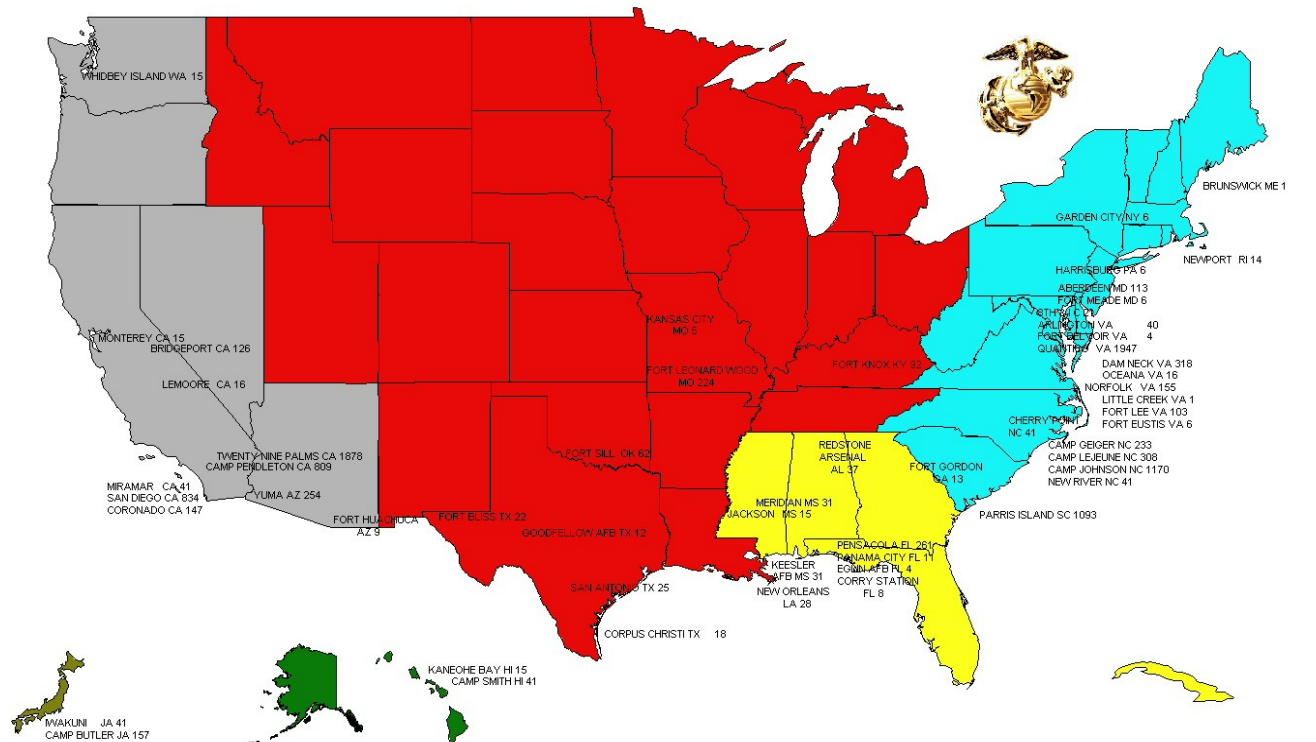

- ***Identify number & type of “seats”***
- ***Identify all Legacy Applications to transition***
 - *Inventory, Categorize, Rationalize, Eliminate*
 - *Request For Service (RFS)*
 - *Certification and Accreditation*
- ***EDS Team arrives 120 days AOR - 120 days***
 - *Site prep, site survey, profile/design, rollout*
 - *“Seats” will have applications based on T/O profiles*
- ***Assumption of Responsibility (AOR) - 30-60 days***
- ***Cut-over - 30-60 days***

NMCI Regions

Source

TECOM Site Locations by Region

FORT HUACHUCA AZ 9
